A vibrant illustration of Hatsune Miku, a popular virtual singer. She has her signature long, light blue pigtails and is wearing a yellow jacket with colorful patches, a white crop top, and grey shorts. She is holding a pink handheld gaming device in her right hand and has a red bag slung over her shoulder. Her left leg has a tattoo that says "LEVEL UP" with three red hearts below it. ## RITAO

After working as a freelance illustrator, I joined THINKR inc.. Currently affiliated with PHASE STUDIO. Characterized by character illustrations with soothing vibrant colors, delicately drawn details and memorable eyes. Also exploring the animation field.

X @ritao\_kamo Instagram @ritao\_kamo

I created this design with the image of wind blowing around Hatsune Miku, as if she is congratulated towards her new step and encouraged for her new challenges. I hope that the costume I designed conveys Hatsune Miku's solidity. Please also take a look at her hair tied in a ribbon shape at the back.

# Sub Visual

## sakinoji

I started working as a freelance illustrator in 2021. With my unique atmosphere and expressive styles, I have created artwork for a wide range of projects, including music videos, books, and games.

X @saki\_noji Instagram @saki\_noji

Congratulations on the event!

Under the theme of "Go Beyond," I created the design with an image of knights who will escort us far away, with costumes featuring the birth constellations respective to their anniversaries, and distant constellations scattered subtly on the inner side, hoping they will serve as a small guidance towards a world yet to be seen.

Let's enjoy the event until the end together!

## ituka

Illustrator. Pronounced "Itsuka." Works in a wide range of fields, including books, TV programs, merchandise, and VTuber contents, as an illustrator and character designer. Also active as a Live2D designer.

X @1\_tuka Instagram @1\_tuka

Congratulations on the tour!

Under a personal theme of "Spreading Wings Towards a Bright Future," I have created a vibrant costume design based on the default silhouette of the characters, incorporating motifs of wings and sparkles. I hope that you can feel the hope and excitement of the characters moving towards their new stage, while staying true to their past and history.

### MONO-Land

Hello, I'm MONO-Land. I'm an illustrator from Thailand who loves to draw girls and cute things and design costumes. I'm truly honored to be working with Hatsune Miku.

X @monoland27    @monoland27

The concept of this art is "Miku living in Thailand" so I decided to have her wear a full set of Thai local handicraft outfit and drink Thai tea with coconut juice while walking along Thailand's famous beach. Thailand has many famous quality local foods, products and also full of wonderful places to visit. I hope this design can represent Thailand's charming point.

## Hong Kong

### MANFUNG

Hong Kong full-time illustrator, focusing on fan-art derivatives and original handsome youth themes; exhibited internationally at doujinshi/art events in Singapore, Taiwan, Germany, and Hong Kong; currently prepping debut artbook presenting unique worldview construction and character narratives.

@l.manfung

Set against Hong Kong's iconic architecture with its unique neon glow, this design creates a sci-fi visual experience showcasing the city's lighting charm. Character costumes incorporate contemporary youth fashion trends and Gen Z elements. Hope you enjoy it.

## Manila

### Ochablooms

Ochablooms is a digital illustrator from the Philippines who aspires to tell stories with colorful drawings. Their head is always full of hyperfixations and bunnies and confusing themselves with color theory.

X @ochablooms

The theme was "Miku Living in Your City" and as a Tagalog, I wanted to express the rich and warm colors of my hometown and see Miku have fun in it! I drew this thinking about "festive" and "casual," as if she really is someone you can meet on the streets of Luzon. I hope everyone likes it!

## Singapore

### Yaoyaobae

Hello I'm Yao, a Singaporean artist who loves illustrative storytelling! I hope my work can evoke colourful emotions.

X @naturalwind0 @naturalwind0\_art

I deeply enjoyed and appreciated this opportunity. In this piece, I illustrated my strongest impressions of Taiwan. Every element in the illustration is something I've grown up with and feel deeply connected to. I'm so happy to be able to merge that with Miku and share it with everyone. If people enjoy it, that would make me incredibly happy.

## Seoul

### Renian

Illustrator. I draw illustrations mainly with a warm atmosphere, focusing on girls and cute costumes.

X @Renian\_ @renian\_paintbox  
Pixiv ID: 760140

I designed Miku's outfit based on a traditional Korean costume and the sparkles of mother-of-pearl inlay as motifs. Through this design of Miku, where tradition and modernity are harmonized, I hope that you can get a sense of the atmosphere of Seoul.

# Artifact

by buzzG feat. Hatsune Miku

Music & Lyrics: buzzG

MV Director: Taqibunn

ネオンサインの欠けた文字を埋めるように  
青い夜を歌う君が  
寂しい世界ごと抱きしめているなら  
時を超えて 星を巡り 会いにゆくよ

feeling feeling...  
beating beating...

きっと10年先で忘れられた君を探し出すために今  
不確かな唄を手繰ってきたんだよ  
響きあう僕らの痛みが 寄り添いあう呪いが溢れて  
救われたっていいから

掬い上げた悲しさとか虚しさとか  
蛇口を少し捻るみたいに漏らすそれは

正しくなくて目に視えない  
理由もなく根拠すらない  
傷だらけで覚束ない  
この不正解を信じてみたい

いつか100年前に置き去られた名前もない誰かの灯火に  
恋い焦がれて迎えに行くから  
小指と小指を結ぶような拙くて青白い音色を  
覚えていて

こぼれた祈りが Echoing  
はぐれた未来が Echoing  
巡り会うはずがなかった僕と君で この先を見に行こう

feeling feeling...  
beating beating...

きっと10年先で忘れられた君を探し出すために今  
不確かな唄を手繰ってきたんだよ  
響きあう僕らの痛みで 寄り添いあう呪いで奏でて  
その未来(さき)へ

きっと1000年後の世界の隅に君がいなくても  
ほら、思い出せるから  
電子の五線譜も ぎこちなくて優しい目も  
誰かが繋ぐから

Like filling in the blanks of the neon signs  
You sing the blue nights  
Embracing the entire lonely world  
Beyond time, across the stars, I'll come to meet you

feeling feeling...  
beating beating...

To seek you out, forgotten, a decade later  
Now I've grasped and followed an uncertain song  
Our pain resonates, our curses come together and overflow  
If that is what saves us, that's alright

The sadness and emptiness scooped up  
Trickling out as from a faucet softly twisted open

It's wrong and invisible to the eye  
No reason, no basis  
Covered in wounds and unreliable  
I want to believe this incorrectness

A torch abandoned by a nameless somebody a century ago  
Yearning for it, someday, I'll come to meet you there  
A pale, clumsy tone, like pinky fingers entwined in a promise  
Remember

A prayer spills out, echoing  
A future astray, echoing  
You and I were not meant to meet - let's go see what lies beyond

feeling feeling...  
beating beating...

To seek you out, forgotten, a decade later  
Now I've grasped and followed an uncertain song  
Our pain resonates, our curses come together to ring out  
Into the future beyond

Even if you depart your corner of the world a millenium from now  
See, you'll remember  
The electronic staves, awkward and kind eyes  
Someone will surely connect

"Artifact" is about the many songs which would not have existed in the past, present, or future without Hatsune Miku. I want to continue looking beyond our transparent selves which have been given form through her.
