Rina is an illustrator known for the special mix of cuteness and fun in her works. She enjoys telling stories through a character's pose and expressions, giving you a glimpse at their emotions.

Being able to create official Miku merch is a dream come true! I had a lot of fun integrating these steampunk vibes into their original designs for the tour's theme.

Hi! I'm incza, a freelance artist from Poland. A HUGE Miku fan! Thanks to her my art has only gotten more and more cute throughout the years.

One of my favorite things about Hatsune Miku is her outfit being so iconic that you can change it in so many ways and it's still very recognizable. Being tasked with drawing her to match the theme of "Steampunk" was a challenge but a very fun one!

Hallo! I am Nessie, an illustrator and graphic designer based in Austria. My passion lies in creating character designs and experimenting with my art style!

I was overjoyed to receive the opportunity to conceptualize the chibi illustrations around the theme of "Radio Tower x Steampunk." I took the liberty of giving each Piapro character a unique design. I hope you find them charming!

Theme Song

CONNECT:COMMUNE

feat. Hatsune Miku

Music & lyrics by FLAVOR FOLEY

Video by Louie Zong

[Hi there, it's Miku! Can we connect?]

It started with a sound
Stray dots and dashes
Cross a wire and rebound
And just like magic
It's a skyhigh debut
Oh, it connected me to you
It's true
(My dear, come here, I want to see you!)

Once the line is live
[Hello?]
And all the world can be reflected in your eyes
[Sorry, wrong number]
We trip the fiber optic light across the sea
Anything to bridge the gap from you to me
I patch the scene through reverie, and—

Lo
An unfinished colloquy
Reply received
Reflected in harmony

In neon lines
These letters that tether
Will link us straight through the heart

And when the air grows thin
We'll do it again
United miles apart

So in the morning light
We etch the connection
And send it straight to the heavens

Darling
Speak to me, a memory
And let it ring to all eternity

Across the intersection
We open our connection
Resound with all affection
Beyond expression

[もしもし?]

Stray thoughts and feelings wrap the world up in sound
[喂?是哪位?]
And just like magic, it's a spark 'cross the sea
Oh, it connected you to me
Unseen
My dear, I fear the silence weighs

Between
The air zoned for entropy
Away, asleep
A fragmented frequency

Lo
Our unfinished rhapsody
Retried, reprised
Projected in harmony

[This is she.]

[Refrain]

Talk through me
Tell me every little thing
I'm naught but the message
The feelings expressed in
Your airborne elegy

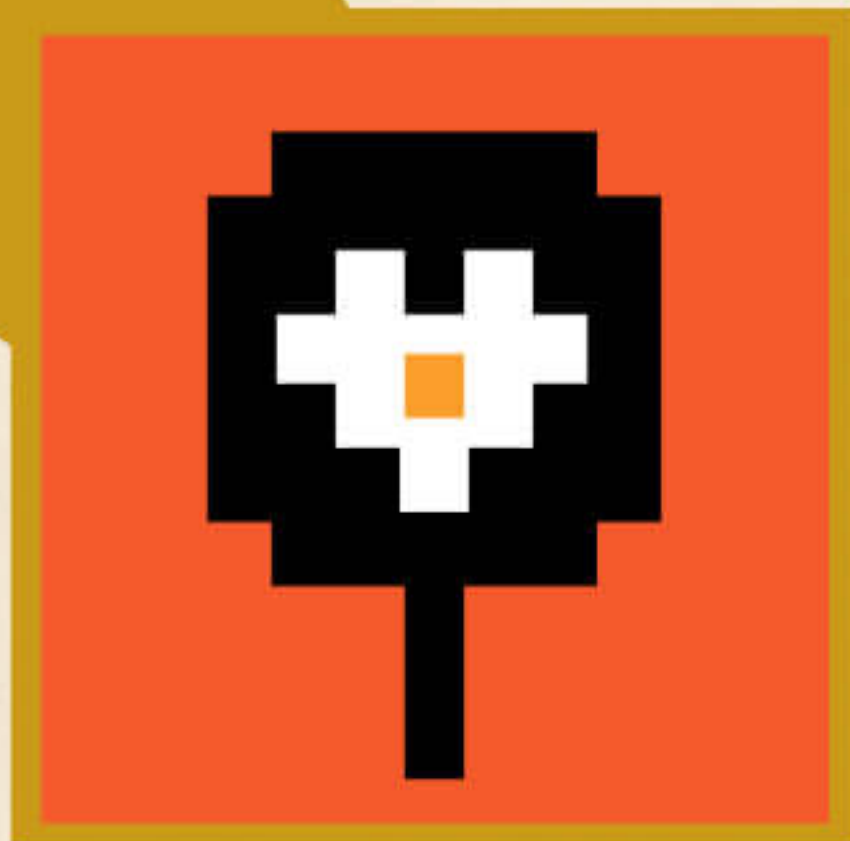

My darling, see
There's no corner we can't reach!
So, when fate replies
I'm by your side

(Speak to me your everything
And let it sing to all eternity)

[Refrain]

Our love spread cross the landscape
Ring out beyond the daybreak
In-tempo, now and always
Along the skyward wave

FLAVOR FOLEY

Web Site : <https://flavorfoley.com/>

FLAVOR FOLEY is an indie music circle from the United States consisting of JamieP, Vane Lily, and ricedeity. Their debut single BUTCHER VANITY was uploaded in March 2024 and reached 10M views by December of the same year. They specialize in songs using vocal synthesizers, also known as virtual singers.

Nice to meet you, we're FLAVOR FOLEY. We created the theme song of MIKU EXPO 2026, "CONNECT:COMMUNE." She connects us from sky to sea – from a group of 3 friends across the ocean who were joined by Miku's sound, we sincerely hope you enjoy our song.

Louie Zong

Web Site : <https://www.louiezong.com/>

Louie Zong is an illustrator and musician based in Los Angeles. He has worked for Disney, Cartoon Network, Netflix, and more. Primarily a 3D illustrator, he is most influenced by surrealism, 90s editorial art, and biology, as well as music of all kinds.

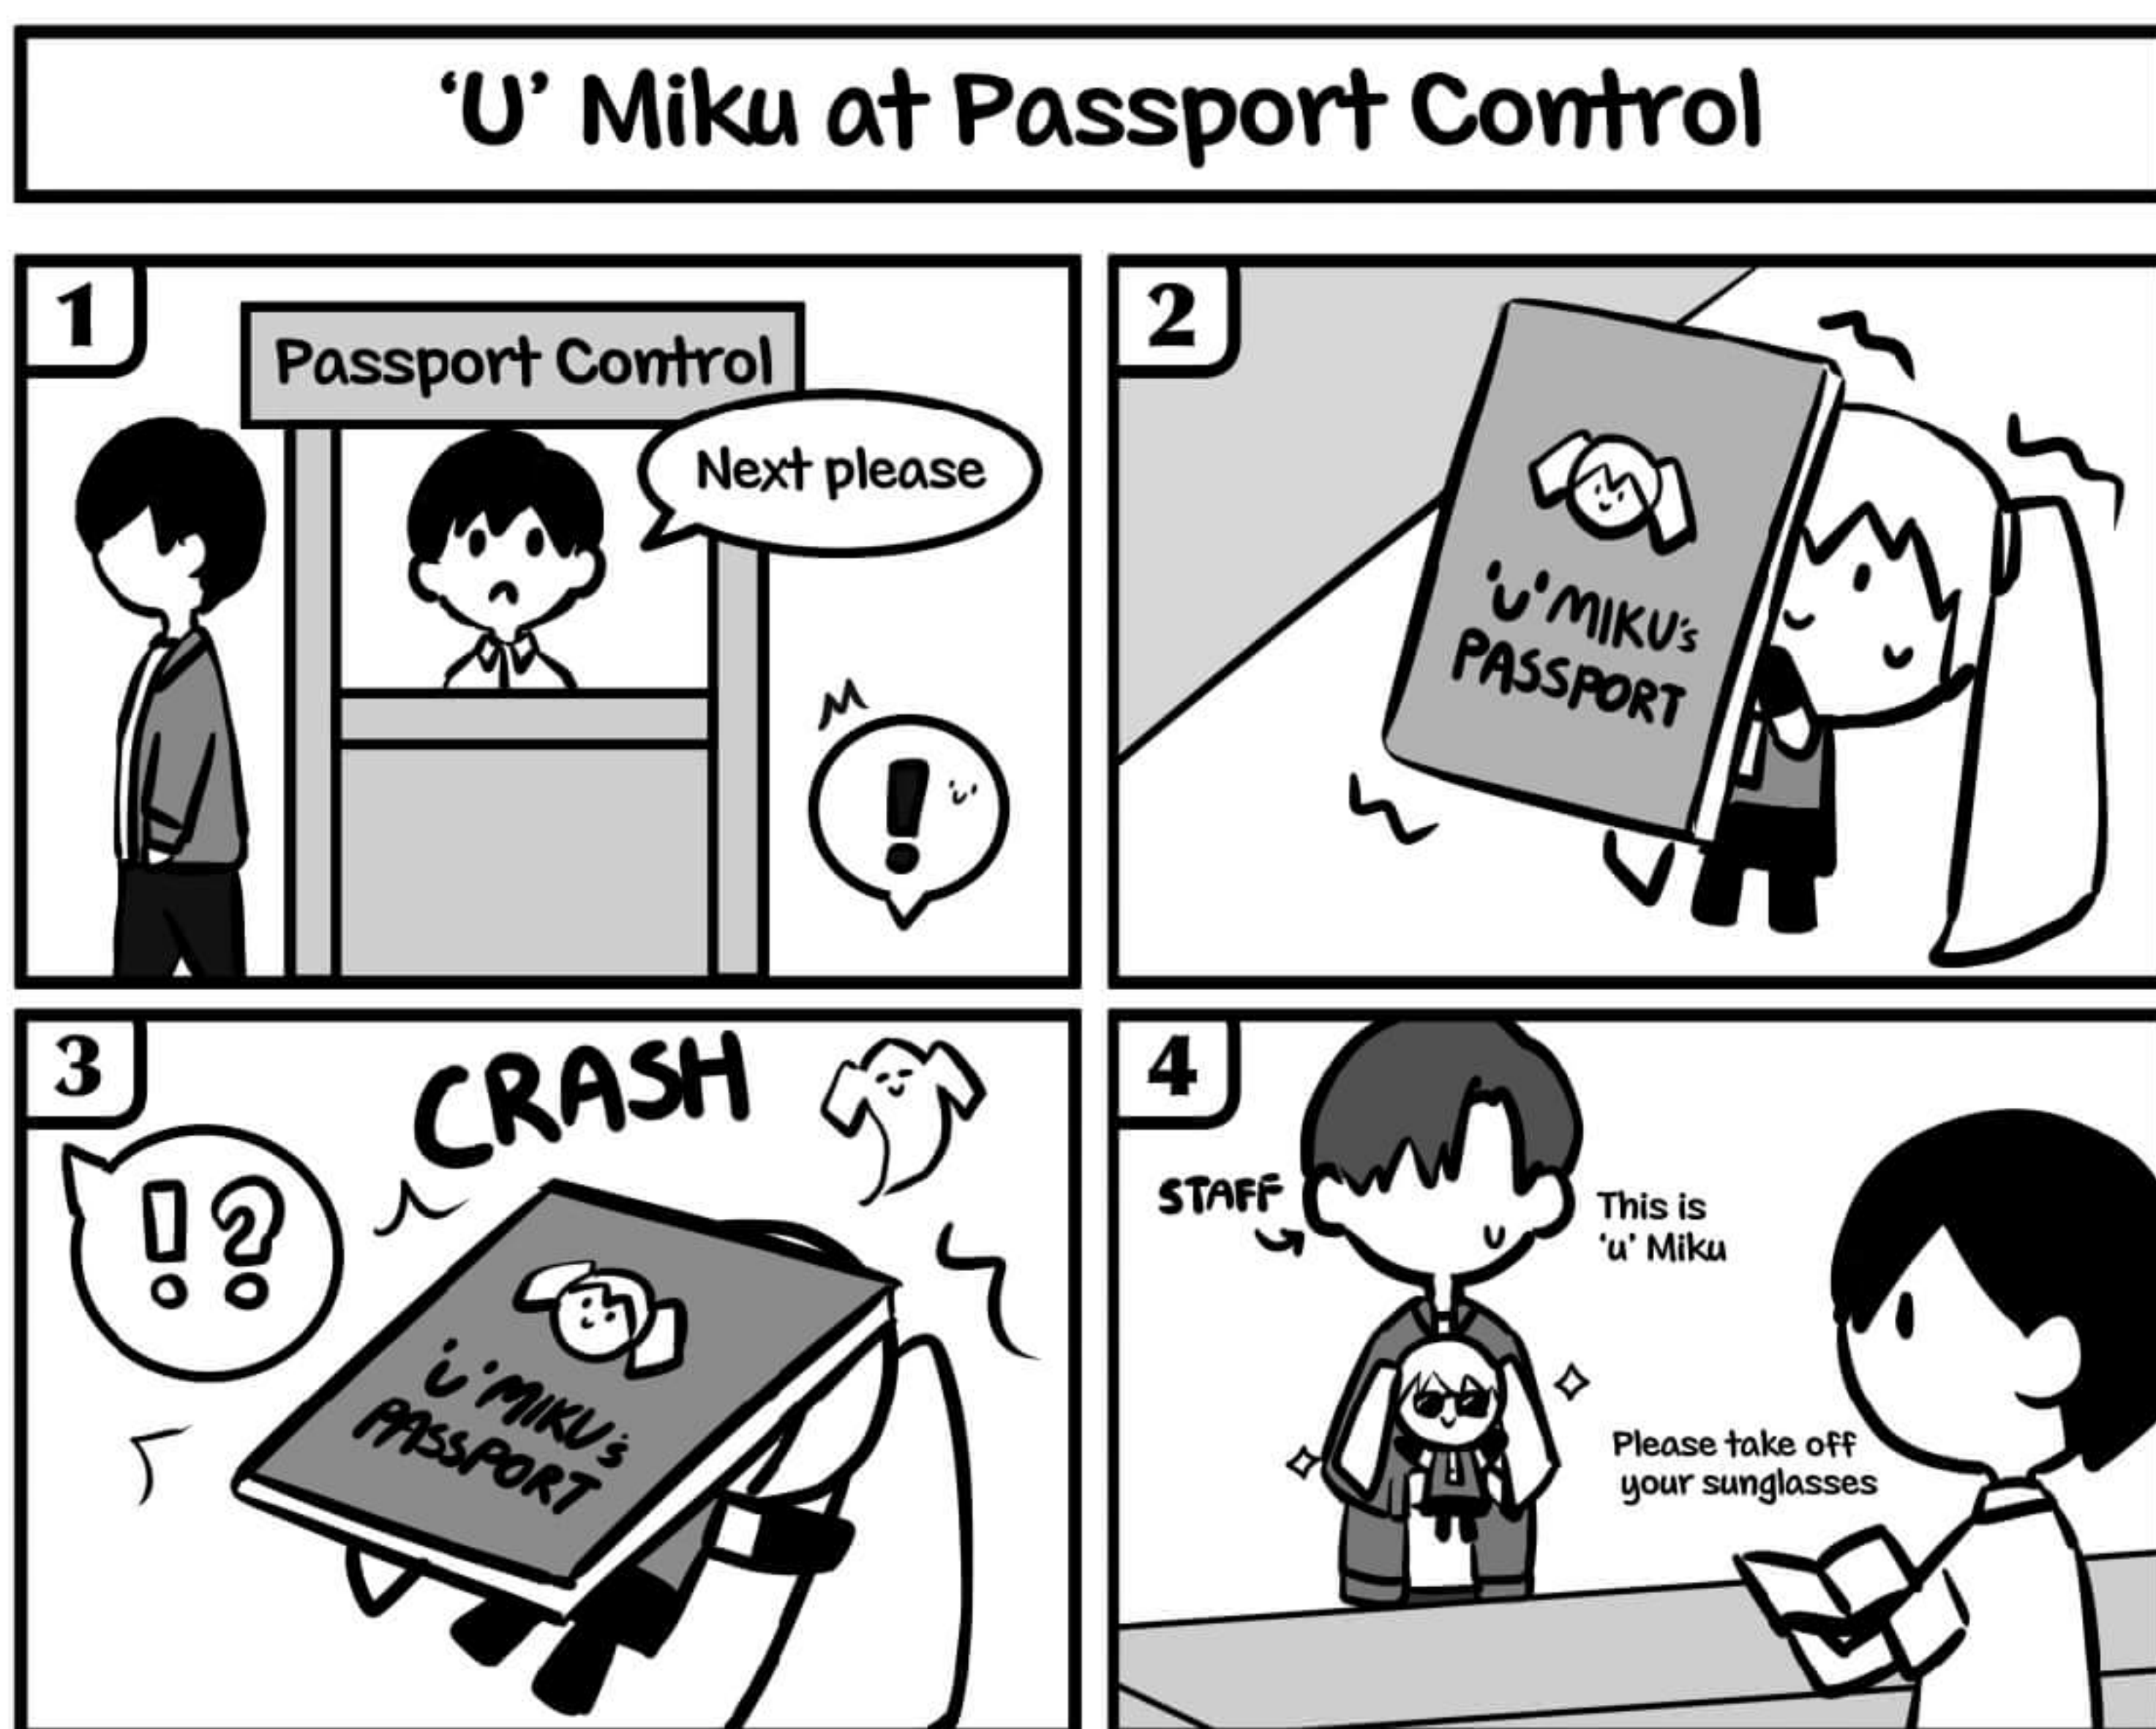

Making this video was a very fun challenge - a full 3D music video with an anime style definitely stretched my limits and I'm very proud of what we achieved. Working off of FLAVOR FOLEY's beautiful song and Miku design was genuinely inspiring. I storyboarded it with the intent of putting in as many fun shots as I could (within reason and ability) and I hope others could feel that joy!
