I'm a freelance illustrator. I create illustrations for merchandise, music videos and novels.

It's an honor to have been given the opportunity to create this illustration. I aimed for a bright, pop and colorful style based on the theme "Candy Shop." I would be very happy if this evokes that feeling of excitement before the live show!

SUB VISUAL

Allenerie

X Allenerie Instagram Allenerie.art

Hello, I am Allenerie, a freelance Illustrator. I enjoy creating Illustrations that tell the narrative of the characters, putting in small details and elements so that people can have fun finding new things whenever they look at my piece.

Congratulations on the tour! Under the theme "Candy Shop," I designed a costume featuring both pastel and vibrant colors. Incorporating elements such as candy snacks and frills, each uniquely tailored to match the color theme. These details also contribute to adding a cute and cheerful atmosphere for the characters. I hope everyone enjoys this tour as much as the sweetness it represents.

A long time Miku fan!!! As well as a full-time illustrator & designer known for her rich yet ethereal, flowery aesthetic.

The theme of 'candy shop' with MIKU EXPO felt like the perfect pairing to me! It sparked so many delicious ideas and was so fun to work on!

SUB VISUAL

Yuerise

Yuerise is a moon rabbit currently residing in the Americas. At age 12, the first drawing I've ever posted was Hatsune Miku. My first commercial artwork is now also Miku!

Theme: Radio Tower x Candy Shop. I took the radio tower aspect very seriously, meow. Each color of the rainbow represents a character in the Piapro family. Let's all cheer them on at MIKU EXPO!

Yana

Mexican comic artist and freelance illustrator. I draw whatever I find cute!

The concept of Miku visiting Mexico thrilled me! I imagine she would be the type to pick one sweet of every color just to make sure she didn't miss anything.

I'm Kamui, a Vancouver-based illustrator born in Hong Kong. Known for my series '852 Girls' and BeepBeep the Penguin, my work explores the delicate duality of 'finding small charms in misfortune and restlessness in happiness.' After years as a fan artist, I am now focused on developing my original voice.

Exploring the 'candy shop' theme allowed me to discover the hidden corners of my city, Vancouver. While I've lived here for years, this commission gave me a reason to finally step inside these local gems and observe their unique charm. I am truly honoured to contribute to this project.

CONNECT:COMMUNE

feat. Hatsune Miku

Music & lyrics by FLAVOR FOLEY

Video by Louie Zong

[Hi there, it's Miku! Can we connect?]

It started with a sound
Stray dots and dashes
Cross a wire and rebound
And just like magic
It's a skyhigh debut
Oh, it connected me to you
It's true
(My dear, come here, I want to see you!)

Once the line is live
[Hello?]
And all the world can be reflected in your eyes
[Sorry, wrong number]
We trip the fiber optic light across the sea
Anything to bridge the gap from you to me
I patch the scene through reverie, and—

Lo
An unfinished colloquy
Reply received
Reflected in harmony

In neon lines
These letters that tether
Will link us straight through the heart

And when the air grows thin
We'll do it again
United miles apart

So in the morning light
We etch the connection
And send it straight to the heavens

Darling
Speak to me, a memory
And let it ring to all eternity

Across the intersection
We open our connection
Resound with all affection
Beyond expression

[もしもし?]

Stray thoughts and feelings wrap the world up in sound
[喂?是哪位?]
And just like magic, it's a spark 'cross the sea
Oh, it connected you to me
Unseen
My dear, I fear the silence weighs

Between
The air zoned for entropy
Away, asleep
A fragmented frequency

Lo
Our unfinished rhapsody
Retried, reprised
Projected in harmony

[This is she.]

[Refrain]

Talk through me
Tell me every little thing
I'm naught but the message
The feelings expressed in
Your airborne elegy

My darling, see
There's no corner we can't reach!
So, when fate replies
I'm by your side

(Speak to me your everything
And let it sing to all eternity)

[Refrain]

Our love spread cross the landscape
Ring out beyond the daybreak
In-tempo, now and always
Along the skyward wave

FLAVOR FOLEY

Web Site <https://flavorfoley.com/>

FLAVOR FOLEY is an indie music circle from the United States consisting of JamieP, Vane Lily, and ricedeity. Their debut single BUTCHER VANITY was uploaded in March 2024 and reached 10M views by December of the same year. They specialize in songs using vocal synthesizers, also known as virtual singers.

Nice to meet you, we're FLAVOR FOLEY. We created the theme song of MIKU EXPO 2026, "CONNECT:COMMUNE." She connects us from sky to sea – from a group of 3 friends across the ocean who were joined by Miku's sound, we sincerely hope you enjoy our song.

Louie Zong

Web Site <https://www.louiezong.com/>

Louie Zong is an illustrator and musician based in Los Angeles. He has worked for Disney, Cartoon Network, Netflix, and more. Primarily a 3D illustrator, he is most influenced by surrealism, 90s editorial art, and biology, as well as music of all kinds.

Making this video was a very fun challenge - a full 3D music video with an anime style definitely stretched my limits and I'm very proud of what we achieved. Working off of FLAVOR FOLEY's beautiful song and Miku design was genuinely inspiring. I storyboarded it with the intent of putting in as many fun shots as I could (within reason and ability) and I hope others could feel that joy!
